

## DROMEX UTILITY PANTS WITH KNEE PADS

DW-UTI-KPN-BLK

### Description

Dromex® DW-UTI-KPN -BLK are stylish utility cargo pants with knee pad inserts designed for user comfort, durability and functionality.

These hard-wearing pants are crafted from a blend of 65% Polyester, responsible for fabric sturdiness and 35% cotton providing relaxed comfort suitable for wear both at work and casually.

### Features:

- Top loading pre-shaped knee pad pockets for use with Dromex® kneepads (Code DW-UTI-KPAD) to protect knees when kneeling on hard surfaces.
- Knee pad inserts does not restrict the wearers movement when walking and working.
- 10 Multifunctional easily accessible custom pockets (2 waist swing pockets, 1 cargo pocket with 3 tool pockets and and eyelid for holding tools, 2 overlapping dual ruler/pen/ tool pockets, 2 rear back pockets, one open and one with closure) for the convenient storage of tools, accessories and valuables.
- Reflective piping stripe on knee, rear leg pockets and cargo pocket area for added visibility in dark environments.
- Hammer/tool loop.

- Seams are triple stitched for added durability.
- Stress areas are bar tacked.
- Gripping rubber in inner waistband holds tshirts/shirts in place to keep them from coming untucked
- Side elasticated waist for optimum fit and flexibility with 7 wide reinforced belt loops.
- Reinforced canvas panels and a comfortable spacious crouch area allowing bending with ease and without discomfort.
- Fixed D-ring on belt loop for holding keys , tools, id cards.

These pants are suitable for use in the following work environments such as workshops, warehouses, construction, maintenance and repairs, logistics and rigging.

### Special Instructions

None of the materials or processes used in the manufacture of these products are known to be harmful to the wearer. The manufacturer has examined under the system for ensuring quality of production by means of monitoring and inspection. These poly cotton garments are designed to accommodate the basic safety requirements and standards for Personal Protective Equipment. Not for use against heat and flame hazards. The information contained herein is intended to assist the wearer in the selection of personal protective equipment. Actual conditions of use cannot be directly simulated in a test environment therefore it is the responsibility of the end user and not the manufacturer or supplier to determine the garment suitability for the intended use. This garment should be thoroughly inspected before use to ensure no damage is present.

### Packaging, Storage & Obsolescence

DW-UTI-KPN-BLK are packed in individual boxes and sold as 10 units. If there is visible damage such tears it is recommended to replace the garment immediately.

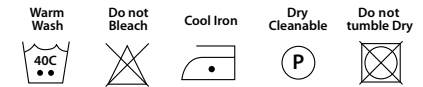

### Cleaning & Maintenance

The following suggestions will help keep your garment neat and safe. Polycotton garments can be cleaned by home cleaning or commercial laundering provided all the recommended conditions and setting are adhered to.

If home procedures do not remove contaminants, then dry cleaning is recommended.

Our recommended cleaning for these garments are as follows:

- Pre-treat greasy stains and wash the garment in warm water with a light cleaning solvent.
- Do not use Hypochlorite bleach or detergents containing Hypochlorite bleach as fading may occur.
- Thoroughly rinse the garment to remove any wetting agents.
- Do not tumble dry.
- Do not hang in direct sunlight as fading may occur.
- Iron the garment to on low heat.
- When using commercial laundry aids, be sure to read and carefully follow the manufacturer's instructions.
