## D59 RT MINING SPEC BOILERSUIT

Elbow patch

Seat patch

Knee patch

DW-D59-ANGRT-B-YL

### Description

Dromex® DW-D59-ANGRT-B-YL, 100% cotton boilersuit is designed to protect the user from basic hazards such as abrasion whilst being durable and hardwearing commonly used in the mining, rigging and steel installation industries.

The Dromex® DW-D59-ANGRT-B-YL boilersuit is approved to the latest SANS 434 specification and has the SABS permit marking.

The Dromex® D59 100 % cotton fabric construction is breathable, preventing accumulation of sweat especially when working in hot and humid environments and being natural is hypoallergenic, reducing skin irritations whilst promoting comfort. This fabric also provides thermal insulation when working in cooler environments.

This attire consists of the following:

- Collared jacket with metal button closure and internal hanger loop.
- A concealed NG5 metal button closure.
- Double thickness patches on elbows, seat and knees for enhanced durability.
- Two front side swing pockets, 2 breast mitred pockets with metal press button closure and Dromex® sidewinder label on left pocket.
- One rear open pants pocket and a ruler pocket on right leg.
- Seams with triple needle topstitching for added durability.
- High visibility silver reflective tape on arms, legs, breast and rear of jacket (30cm in length cross pattern).
- Inner elasticated waist for optimum fit and flexibility.

### Special Instructions

None of the materials or processes used in the manufacture of these products are known to be harmful to the wearer. The manufacturer has examined under the system for ensuring quality of production by means of monitoring and inspection. These workwear boilersuits are designed to accommodate the basic safety requirements and standards for Personal Protective Equipment. The information contained herein is intended to assist the wearer in the selection of personal protective equipment. Actual conditions of use cannot be directly simulated in a test environment therefore it is the responsibility of the end user and not the manufacturer or supplier to determine the workwear suitability for the intended use. Workwear protective boilersuits should be thoroughly inspected before use to ensure no damage is present.

Should there be visible damage such as tears, it is recommended to replace the garment immediately.

### Specifications

Style: Yellow, 1-piece long sleeve boilersuit, with high visibility reflective tape.  
 Fabric composition: 100% Cotton.  
 Mass: 270gsm.  
 Reflective: 50mm Silver high visibility reflective tape.

### Compliance & Conformity

- Garments comply to the latest SANS 434 standard (This standard specifies requirements for cut, make and trim of boilersuits).

This standard makes reference to the following relevant standards:

- SANS 1362 Sewing threads.
- SANS 1822 Slide fasteners.

- The fabric is to SANS 1387-4 for D59 drill fabric, 4/1 satin weave @270gsm, 37 thread per cm weft and 19 threads per cm warp. The breaking strength is 940 N warp and 510 N weft.
- These products are manufactured in ISO 9001:2008 (SANS9001) accredited manufacturing facilities and being mark bearing SABS garments are checked for conformity by the SABS.

### Packaging, Storage & Obsolescence

DW-D59-ANGRT-B-YL size 30 – 48 is packed in a polybag and sold as 15 units.  
 DW-D59-ANGRT-B-YL size 50 – 64 is packed in a polybag and sold as 10 units.

### Cleaning & Maintenance

- The following suggestions will help keep your garment safe and neat:
- D59 garments can be cleaned by home cleaning or commercial laundering provided all the recommended conditions and setting are adhered to.
  - Should home procedures not remove contaminants, then dry cleaning is recommended.
  - Our recommended cleaning for these garments is as follows:
    - Pre-treat greasy stains and wash the garment in warm water with a light cleaning solvent.
    - Do not use Hypochlorite bleach or detergents containing Hypochlorite bleach as fading may occur.
    - Do not tumble dry.
    - Thoroughly rinse the garment to remove any wetting agents.
    - Do not hang in direct sunlight as fading may occur.
    - Iron on low heat.
    - When using commercial laundry aids, be sure to read and carefully follow the manufacturer's instructions.
